New School FUNDRAISING PLAN

ROLL-OUT!

TIME LINE

OUR GOAL IS \$100,000 FOR THIS SCHOOL YEAR

BACKGROUND INFO

THESE ARE EXCITING TIMES FOR OUR SCHOOL COMMUNITY! The new building is progressing fast! With the support of the teachers and staff, the PAC is launching a fundraising campaign to help with expenses for the new school that will not be covered by the VSB. Our past fundraising efforts have allowed us to purchase a new playground addition that includes a hill slide, rubber surfacing, and climbing hand holds. After that, **our current fundraised amount for the new school is \$27,000. We still need to raise an additional \$73,000 (approximately \$240 per student).** Our target move-in date is January-2022!

FOCUS

The funds raised will be used for various areas of school enhancement including (but not limited to, and in no specific order of priority): **landscape enhancement** (benches, seating, outdoor education areas), **furniture for common interior areas** (library café, foyer, etc.), **AV equipment** (for multipurpose room, gym, classrooms), and **learning technology.**

HOW CAN WE REACH THIS GOAL?

We have planned a series of events to promote school spirit and help fundraise at the same time! Our first event will be a Spell-a-thon taking place in April, followed by a Walk-a-thon in May. We are also looking into additional options including potential grants, *Gofundme*, and a direct donation drive. **Together, with your help, we can reach our goal,** and help our kids and future students continue to have an excellent learning experience.

In advance, WE THANK YOU for your support!

• At any time you can donate at **SCHOOL CASH ONLINE (E-Sir Matthew Begbie PAC)**
